

LEPRECHAUN DIRECTED DRAWING

Have paper long and tall

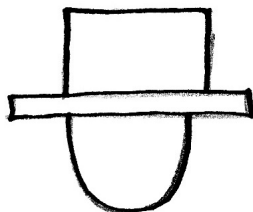

In about the center of the page, draw a smile shape/half circle

Draw a line on top of it

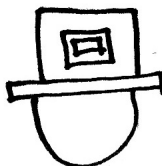

Then a line up on each side of it

And then a line above it

A line up on each side and then a line to connect them

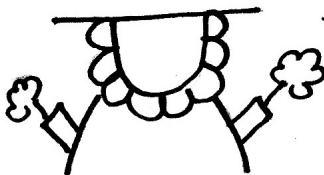

In the center of the hat, a square inside a square

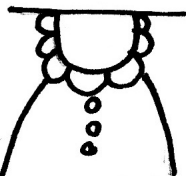

Now draw bumps around the head...starting at the hat and all the way to the other side

Next lines down to the bottom of the page
(curved lines)

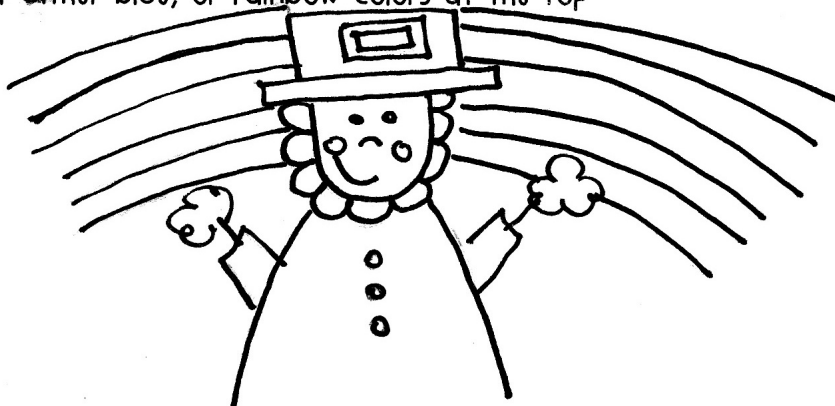

Then rectangle shapes out of each side, line out of the top with a cloud at the end

Three circles on the front of the body

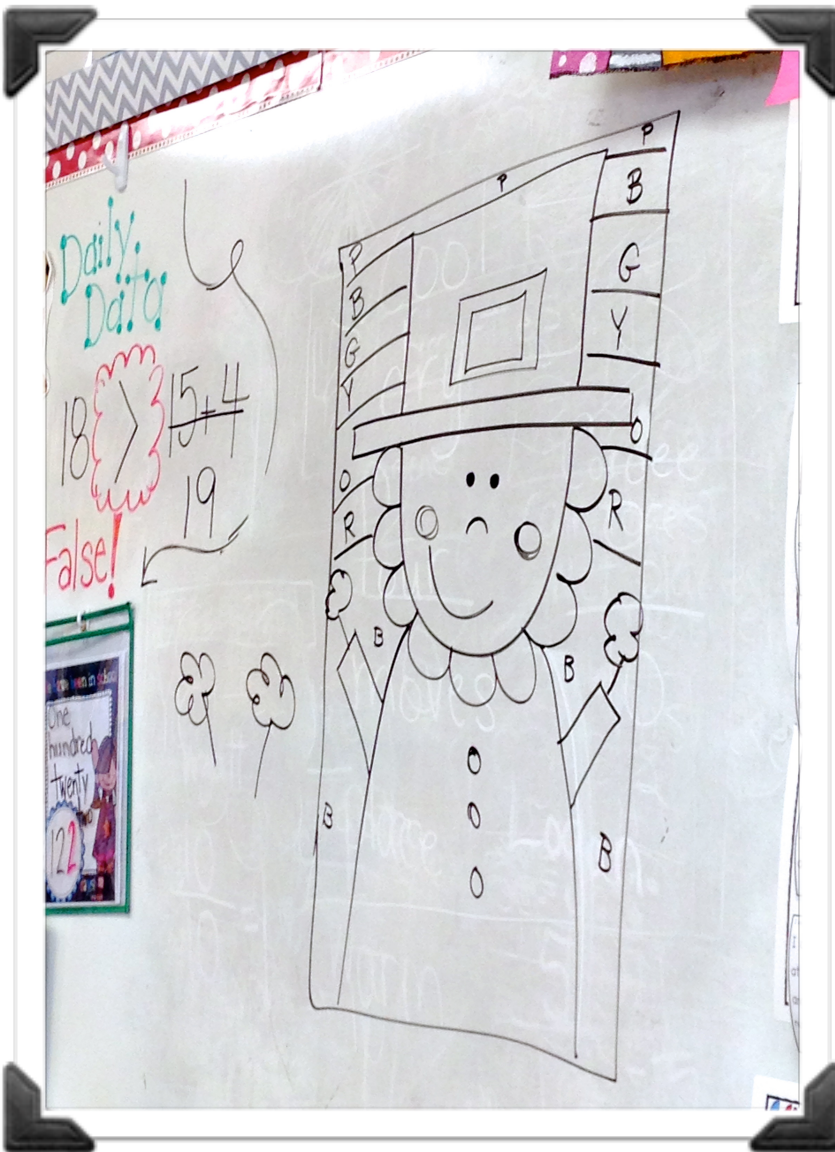

Add two eyes, a rainbow shape for the nose and then a half or full smile (you can also put two circles above the smile for cheeks)

Color the whole background either blue, or rainbow colors at the top

LEPRECHAUN DIRECTED DRAWING

This is what it looked like on my very dirty board at the end of the directions.(Don't judge!)

Although I labeled the colors/rainbow in the background, they could do their background and leprechaun however they chose =)

**THANK YOU FOR DOWNLOADING
THIS FREEBIE!**
